PRICE LIST

E. A. LINS

SPRING GREEN, WIS.

ONLY THE BEST

In this list you will find Gladiolus you can buy with confidence. All varieties starred have been grown in the Legion Trial Garden and been found worthy, with the exception of faults as shown. Those starred are the property of the originator and our treatment of you in filling orders will depend on their generosity. Buying through the garden of the originator, you will always be assured of the best bulbs available. One naturally wants their own children to put their best foot forward. Where possible, our overcount will be as generous as you can expect. No items filled for less than ten cents. Orders for smaller sizes on items listed 1 for 10, 2 for 10, etc., will be filled in standard relative quantity. EVIDENT ERRORS in price under the originators listed prices, if of any appreciable amount, will not be filled at the wrong prices. If you will return price list marking those you do not have, we will be governed accordingly in choosing extras.

NEVER GROWN BUT RECOMMENDED
